Dear Parents and Students,

We are excited to begin the 2020-2021 school year in the North Platte R-I School District. I trust that it will prove to be a time filled with meaningful learning opportunities and enriching experiences for all of our students. North Platte has a long tradition of outstanding student achievement and overall learning both inside and outside of our classrooms. It is my hope and intention as the superintendent of schools that we will continue to not only provide an outstanding educational program, but also to assist each student in reaching their potential during their years in school. This is best achieved by forming a partnership between our staff members, parents, students, and the community with the overall goal of working towards the lifelong success of our students and schools.

Please set aside time to review the student handbook to ensure that school policies and procedures are understood by both parents/guardians and students. If you have any questions or concerns, then please contact the building administrator or me at 450-3511. Working together, we can ensure the success of all of our students.

Respectfully,

Karl G. Matt  
Superintendent of Schools

The role of the District's Board is to govern the community's public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District's students, will govern the community's schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

## Attendance and Absence Procedures

- **Expectations for Attendance**

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 16. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence.

Students who wish to participate in school-sponsored activities must attend at least half of the school day on the day on which the activity occurs, unless the principal has pre-approved the absence based upon special circumstances. The administration makes the final determination regarding whether an absence is excused or unexcused. Students must be in attendance for at least half of the day on the school day preceding an event on a day school is not in session. Special circumstances may be approved by the principal on extended weekends or holiday breaks.

After accumulating absences of any type that drop the student's overall attendance percentage below 90%, no credit will be awarded unless approved by the attendance committee or the principal. The student may appeal to the attendance committee to grant credit upon completion of an attendance plan. The plan may consist of students making up time outside of normal school hours or providing notes from doctors/physicians excusing the missed time. The committee will be made up of the principal and three teachers.

- **Excused Absences**

Death in the immediate family is an excused absence and will be exempt from the school sponsored or sanctioned activities absence policy.

In case of serious accident, extended or serious illness, or emergency situations, an exemption of the 90% limit could be granted after a hearing before the attendance committee. The decision of this attendance committee may be appealed to the Superintendent within ten days. An extended illness is an illness which causes the student to be absent more than five days. An extended illness must carry a doctor's note to be considered. This paperwork is due the day the student returns.

Excused absences are allowed for:

- Illness of the student
- Medical appointments that cannot be scheduled outside the school day
- Serious illness or death of a family member
- Religious observances
- School-sponsored activities (e.g., field trips, athletics, competitions, etc.)
- Court appearances or other legal situations beyond the control of the family
- Emergency situations as approved by the principal

- Visits from a parent or guardian on active military duty who is on leave from or will be immediately deployed, with notification and approval of the principal.
- Suspensions
- An absence which has been requested and approved in advance by the principal due to exceptional circumstances. In these situations, make-up work should be requested in advance of the absence and any tests, projects, or in-class assignments will be made up at the direction of the teacher.

- **Procedures for Reporting an Absence**

Parents or students must provide proper notification and documentation to the school showing the absence was unavoidable for an absence to be excused. It is the responsibility of the student to make up work with teacher support when a student's absence is excused. The timelines for turning in make-up work will be determined with the teacher.

Parents must report a student's absence by 9:00 on the day of the absence. The school will contact parents who do not report a student's absence by the designated time. When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the office. The administration may request documentation to determine whether an absence is excused.

- **Unexcused Absences**

Absence for reasons other than the categories of excusable reasons, or that does not have the proper documentation for an excused absence as determined by the principal, will be considered unexcused. *Students who have an unexcused absence will only be allowed to make up work for 60% credit. Any impact on grading will be according to the guidelines of the building.* Excessive, unexcused absences will result in written notice from the principal to the parents/guardians. The principal may request a parent/guardian conference to discuss attendance concerns and a collaborative plan may be developed to remove barriers to attendance. When attendance remains problematic, the school may contact the appropriate agencies and/or authorities for assistance.

- **Late Arrival/Tardiness**

A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the building. The District will count tardiness as an absence. A student will receive an after-school detention after every fourth tardy.

- **Truancy**

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. The District may assign disciplinary measures for truancy. *Students who are truant will only be allowed to make up work for 60% credit. Any impact on grading will be according to the guidelines of the building.*

## Dress Code

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise. The following District guidelines should be observed:

- **Dress Code Expectations**

Shirts and shoes must be worn. No house shoes or slippers are allowed. Clothing should be properly fitted (not overly restrictive or loose). Coverage of the body is expected. Therefore, the following garments are not permitted: see-through garments; tops that are backless, strapless, low-cut, bare-midriff, have overly-large arm openings; or straps less than 2 inches in width; clothing that does not cover undergarments when a student is sitting or standing; undergarments worn as outer wear; clothing that does not reach to *mid-thigh*; holes in pants that are above *mid-thigh*, unless patched.

- **Dress Code Prohibitions**

Clothing or accessories with any of the following are not permitted:

- profane, obscene, or otherwise inappropriate language;
- words, symbols or images that promote illegal, sexual, or violent behavior;
- advertisements or promotion of alcohol, tobacco, or drugs;
- language or symbols that promote gangs.

Hats, hoods (hooded sweatshirts worn up), do-rags, handkerchiefs, sunglasses, face paint, overly-dramatic make-up, or other wear that restricts the line of sight of a student's face and/or facial recognition may not be worn, although exceptions will be made by the principal for head coverings that have religious significance, are worn for medical reasons, or are for a specific, school-sponsored event. No blankets shall be carried or worn as coats or wraps while in the building. No heavy or loose chains or straps that create a safety risk are allowed.

- **Additional Dress Code Information**

Courses and/or class activities that require observance of specific safety requirements may require adjustments of a student's clothing, accessories, or hair style for the duration of the class (e.g., hair pulled back and/or hair nets for culinary classes or other safety wear, etc.). Other dress code requirements may be articulated for students participating in certain extra-curricular activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

## Food Services

- **Allergy Prevention and Response**

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and

response protocols apply to all school locations, including nonacademic school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

- **Building-Wide and Classroom Approaches**

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parent/guardian to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. *The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine and asthma-related medications as allowed by District rules.* The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

- **Individual Approaches**

The District will evaluate and determine whether a student's allergies rise to the level of a disability that requires accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff members who need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

- **Breakfast**

\$1.85 for students and \$2.45 for adults

- **Lunch**

\$2.40 for students and \$3.60 for adults

- **Meal Charges**

- A student may not accumulate more than ten unpaid meal charges.
- Students may not charge à la carte items.

- A student with money in hand will not be denied a meal even if the student has past due charges.
- Students will not be identified, singled out, shamed or punished by the district for the failure of their parents/guardians to pay for or provide meals and the district will not withhold student records in violation of law.

- **Alternative Meals**

If the district's meal service line is designed to collect payment prior to students receiving food, a student who has accumulated ten unpaid meal charges and is still unable to pay for meals may be provided an alternative meal.

Alternative meals will be on the regular serving line and will be available to all students as an alternative to the regular meal. If a student has been provided a regular meal then that meal will not be taken away from the student, even if the student should have been provided an alternative meal due to unpaid meal charges.

- **Interventions**

After a student accumulates five unpaid meal charges, the district will encourage the parents/guardians to submit an application for free and reduced-price meals if an application has not been recently submitted, and the student will be referred to a counselor for intervention. The counselor or a principal will:

1. Meet with the student to assess to the extent possible whether the student or the student's family is experiencing hardships, barriers or other circumstances with which the counselor could assist.
2. Make repeated attempts to contact the parents/guardians to notify them of the lunch charges, discuss the situation and any other concerns the counselor may have after meeting with the student, and resolve the situation.
3. Encourage the parents/guardians to submit the free and reduced-price meals application and inquire about any assistance that might be needed to complete the application.
4. Provide other resources as applicable.
5. District employees are mandated by the state of Missouri to report any instances of suspected abuse or neglect to the Children's Division (CD) of the Department of Social Services. District personnel will report to the CD any instance where a student's arrival at school with no provision for food leads to a reasonable cause to suspect neglect.

- **Working with Parents/Guardians**

To ensure that parents/guardians have ample opportunity to resolve situations involving unpaid meal charges, the district will:

1. Provide timely notification to parents/guardians when account balances run low (when applicable) and each time their student charges a meal.
2. Invoice parents/guardians for unpaid meal charges during the district's monthly billing cycle, in addition to providing notification of outstanding balances by other means.
3. Work with parents/guardians to create a payment plan that allows for the payment of accumulated balances over time

- **Debt Collection**

- **Delinquent Debt**

Unpaid meal charges will be considered a delinquent debt 90 days after notice that charges are due when no payment or payment plan agreement has been made. Unpaid charges will be considered delinquent as long as the district determines the debt is collectible and efforts to collect the debt are ongoing. The district will make reasonable efforts to collect delinquent debt, including turning over unpaid meal charge balances to a collection agency when the superintendent or designee determines such action is in the best interest of the district.

- **Nonprofit School Food Services**

Account (NSFSA) funds may be used to cover the costs of reasonable efforts to collect delinquent debt, including costs associated with using a collection agency.

- **Bad Debt**

When the district determines that collection of delinquent debt is impossible or too costly, the debt will be reclassified as bad debt. Bad debt is debt that will be written off as an operating cost. These costs must be restored using nonfederal funds. NSFSA resources may not be used to cover any costs related to bad debt. Instead, local funds will be used to cover the costs. Local funds include:

1. State revenue matching funds in excess of state revenue matching-fund requirements.
2. State and local funds provided to cover the cost of student meals.
3. Local contributions from organizations or individuals.
4. Revenue from adult meals prepared using resources outside the district's food service and not funded by the NSFSA.
5. Revenue from the sale of à la carte items and profits from foods not purchased with NSFSA funds and funded by an account separate from the NSFSA.
6. Revenues from catering or contracting services that operate from an account separate from the NSFSA.

The district will maintain detailed records pertaining to delinquent and bad debt, including:

1. Evidence of efforts to collect unpaid meal charges.
2. Evidence that collection efforts fell within the time frame and methods established by this procedure.
3. Financial records showing when delinquent debt became bad debt.
4. Evidence that funds written off as bad debt were restored to the NSFSA from nonfederal sources.

## **Health Services**

Health services are provided under the direction of a school nurse. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may be not physically present at all times in a specific building, the nurse is always on call and there are trained employees in

the building to provide first aid, dispense medication, and support the needs presented in the health office.

- **Administration of Medication**

All medication is kept in the office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office and must be accompanied by the following information:

- *Non-Prescription Medication* – A written note from the parent/guardian with the student's name, reason for the medication, the time the medication is to be given, the dosage prescribed, and the number of days the medication is to be administered at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), acetaminophen (Tylenol), cough drops, hemp extract products, or other.
- *Prescription Medication* – Prescription medication must be sent to school in the original prescription container. The prescription label will serve as the written permission from the physician. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student's health care provider and the information may be shared with necessary District staff members on a need to know basis. Please contact the school nurse for clarification or additional information.

- **Immunizations and Vaccinations**

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

- **Communicable Diseases**

Parents/guardians must notify the District if their student has a communicable disease. Parents/Guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures is in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease, who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline in accordance with the discipline code, and state and federal law.

- **Student Insurance**

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at: <https://dese.mo.gov/sites/default/files/FNS-FreeandReduced-DirectCertbooklet2018-19.pdf>.

## Student Records

- **General Information Access to and Release of Student Information**

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures and file complaints regarding the records as allowed by law. The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

- **Directory Information**

Directory information is information about student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. The District designates the following items as directory information:

- **General Directory Information**

## Activities

North Platte Junior High School provides many activities for student participation.

Extracurricular activities sponsored by the District are part of the educational experience and opportunities for students. Clubs, sports, and other groups seek a diverse range of students and provide fair access under the law. Students are encouraged to identify activities matched to their interests and ability levels and participate in those activities. Participation in extracurricular activities is voluntary and a privilege. Therefore, students must meet certain academic standards, demonstrate acceptable citizenship and behavior, and maintain appropriate attendance in order to be eligible to participate.

Unless special arrangements have been made with the principal, a student is required to attend school at least half of the school day on the day of an activity in order to participate. Students must be in attendance for at least half of the day on the school day preceding an event on a day school is not in session. Special circumstances may be approved by the principal on extended weekends or holiday breaks. All extracurricular activities are supervised by district employees and the expected code of conduct for students remains the same as during the standard school day. Additional guidelines for specific groups, including activities sanctioned by the Missouri State High School Activities Association (MSHSAA), may be outlined at the beginning of the year and/or season. Competitive, interscholastic activities may have evaluation procedures that eliminate some students from participation. When students are not selected for participation, communication will occur in a personal and respectful way.

Each participant should obey the rules of the school and the laws and regulations of the city and state. Failure to do so could result in disciplinary action. All cases of potential disciplinary action will be reviewed by a committee composed of the coach/sponsor involved, athletic director, and building principal involved and may result in alternate punitive action. Depending on the severity of the case, early offenses/punishment may be skipped over.

The 9<sup>th</sup> Hour detention will last from 3: 15 p.m. to 4:30 p.m., usually on Wednesday. A teacher will supervise the 9<sup>th</sup> Hour.

The student must be seated in the detention room by 3: 15 p.m. with enough work to occupy the full time. Sleeping or disrupting 9<sup>th</sup> Hour will not be tolerated. Any student dismissed from 9<sup>th</sup> Hour for violating 9<sup>th</sup> Hour rules will report to the principal for assignment of a Saturday School Detention. Failure to attend a 9<sup>th</sup> Hour will result in a Saturday School Detention.

School personnel will recommend disciplinary measures in writing to the principal who will make the assignment as recommended or discuss alternative discipline measures with the person making the referral. A copy of the 9<sup>th</sup> Hour recommendation and the date the 9<sup>th</sup> Hour is to be served will be mailed to the parent/guardian by Friday of the preceding week. This will allow parents time to make any necessary special arrangements. Once the parents have been notified, the student must serve the entire 9<sup>th</sup> Hour as assigned. Exceptions to this policy may be made only in special situations by the principal.

- **Saturday School Policy**

Saturday School will be held from 7:00 a.m. to 11:00 a.m., as needed. Parents will be notified by mail in advance. Students are to use this time to work on school assignments. - **Student Searches**

Desks, lockers, and other District property provided for student use are subject to periodic and random inspections without notice. Each student is assigned a hallway locker. Only locks provided by the District are permissible.

upon the facts and circumstances. Searches will be conducted in the presence of an adult witness.

Students are allowed the privilege of parking on school premises. The District has the authority to monitor vehicles and the parking lots of its campuses. The interior of a student's vehicle may be searched if the administration has reasonable suspicion that the search will reveal evidence that the student has or is violating school rules and/or the law.

Law enforcement will be contacted if a search produces a controlled substance, drug paraphernalia, weapons, stolen goods, or evidence of a crime.

- **Student Alcohol/Drug Abuse**

The District takes measures to foster a safe and drug-free learning environment that supports student engagement and development. Therefore, educational programs are provided to help students cultivate healthy lifestyles and age-appropriate drug awareness. Suspected or known violations of the District policy should be immediately reported to school authorities. Any incidents that violate this policy are subject to disciplinary action and notification to law enforcement. Any confiscated substances will be turned over to law enforcement.

In cases where it is necessary for a student to take prescription or over-the-counter medications during the school day, the medication must be documented by the nurse's office in accordance with written label directions and parental permission in compliance with District rules.

Any drug/alcohol offense may result in one or more of the following: Administrator/Student conference, detention, in-school suspension, 1-180 days out-of-school suspension or expulsion, restitution if appropriate, loss of privileges including, but not limited to: confiscation of the contraband item, loss of parking privileges, loss of technology privileges, and referral to law enforcement.

By law, a student who brings a weapon prohibited by law on school property will be expelled or suspended from school for at least one calendar year and referred to law enforcement. The expulsion or suspension may be modified on a case-by-case basis upon the recommendation of the Superintendent to the Board of Education. Other provisions of the discipline code related to the offense may be applied in addition to the consequences required by law. Students with

disabilities who violate this policy will be reviewed under the provisions of the Individuals with Disabilities Act (IDEA) and/or Section 504 of the Rehabilitation Act.

## **Instruction**

## Email Consent/Permission Form

The faculty of the North Platte Co. R-I School District strives to communicate and work together with the parents and guardians of our students. Email is one tool that promotes convenient, two-way communication between families and teachers. Though the District network is secure, we cannot guarantee that an email sent from the District server will remain secure once it leaves our system. When teachers or administrators receive email from outside sources, the identity of the person cannot always be easily discerned.

Therefore, permission must be granted by the parent/guardian to allow teachers or administrators to use email for a communication. To remain compliant with the Family Educational Rights and Privacy Act (FERPA), email will not be used to send grading, attendance, discipline information of students, or other personally identifiable information without permission to do so. The North Platte Co. R-I School District also encourages parents to access the District's parent portal, a secure measure, to check your child's school information and progress.

I, Parent/Guardian of (please print) \_\_\_\_\_, provide to my child's school and to the North Platte Co. R-I School District permission to email academic, attendance, discipline, or other personally identifiable information to the email address(es) listed below. I understand that by giving this permission, there is no guarantee that the information will be fully secure and do not hold the District liable for any inappropriate release of student information that may violate the FERPA regulations as a result of any email communication. Should your email address change, please contact the district.
