Dear Parents and Students,

We are excited to begin the 2021-2022 school year in the North Platte R-I School District. I trust that it will prove to be a time filled with meaningful learning opportunities and enriching experiences for all of our students. North Platte has a long tradition of outstanding student achievement and overall learning both inside and outside of our classrooms. It is my hope and intention as the superintendent of schools that we will continue to not only provide an outstanding educational program, but also to assist each student in reaching their potential during their years in school. This is best achieved by forming a partnership between our staff members, parents, students, and the community with the overall goal of working towards the lifelong success of our students and schools.

Please set aside time to review the student handbook to ensure that school policies and procedures are understood by both parents/guardians and students. If you have any questions or concerns, then please contact the building administrator or me at 450-3511. Working together, we can ensure the success of all of our students.

Respectfully,

Karl G. Matt
Superintendent of Schools

The role of the District's Board is to govern the community's public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District's students, will govern the community's schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

District Information

Attendance and Absence Procedures

- **Expectations for Attendance**

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 16. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence.

Students who wish to participate in school-sponsored activities must attend school for at least half the school day on the day on which the activity occurs, unless the principal has pre-approved the absence based upon special circumstances. The administration makes the final determination regarding whether an absence is excused or unexcused. Students must be in attendance for at least half of the day on the school day preceding an event on a day school is not in session. Special circumstances may be approved by the principal on extended weekends or holiday breaks.

After accumulating absences of any type that drop the student's overall attendance percentage below 90%, no credit will be awarded unless approved by the attendance committee or the principal. The student may appeal to the attendance committee to grant credit upon completion of an attendance plan. The plan may consist of students making up time outside of normal school hours or providing notes from doctors/physicians excusing the missed time. The committee will be made up of the principal and three teachers.

In case of serious accident, extended or serious illness, or emergency situations, an exemption of the 90% limit could be granted after a hearing before the attendance committee. The decision of this attendance committee may be appealed.

If absent more than five days, an extended illness must carry a doctor's note to be considered. This paperwork is due the day the student returns.

Seniors are allowed 2 college visits and will be considered excused absences as long as the proper paperwork is returned to the office. The absences are excused, but still count as absences reported to the state, but they will not count toward the North Platte Attendance Incentive. Proper paperwork must be on stationary containing the college's name and obtained directly from the college visited by the student.

Students will not be excused to do their banking, family shopping, get haircuts, return home after books, clothes or equipment they have forgotten, or for any other similar reasons. These are activities that can be taken care of outside of the regular school day.

No students are permitted to leave the school grounds during the school day except by parental consent and approval from the office. Students arriving on buses are not allowed to leave the campus before school starts, nor are they allowed to do the same after school is out before boarding the buses.

- **Procedures for All Absences**

In case of an absence, **NO NOTES WILL BE ACCEPTED!** The parent or guardian must call in order for his/her son or daughter to be admitted into school. The parent or guardian should call the school on the day his/her son or daughter is absent by **9:00 a.m.** for it to be an excused absence. **Based upon the reason given for the absence, the school will determine if the absence is to be excused or unexcused. All work missed will be averaged as zeroes for an unexcused absence.**

Class work missed during an excused absence must be made up to receive credit. **It is the student's responsibility to find out what work is to be made up and to do it on his/her own time and within the time limits prescribed by the teacher. A parent/guardian must call the school by 9:00 am to request their child's homework for the day.**

Any day the student is absent from school, the parent may be called by phone. In case of excessive absences or at parental request, a letter will be sent to the parents or guardians listing the dates and reasons their child was absent from school.

Any student considering dropping from school will be counseled by the High School Principal and School Counselor. The parent of the student will be notified by the school, and together the administrator and parent will look for other alternatives. If the student does drop out of school, the literacy hotline will be contacted as soon as the students' records are closed.

- **Excused Absences**

Parents or students must provide proper notification and documentation to the school showing the absence was unavoidable for an absence to be excused. It is the responsibility of the student to make up work with teacher support when a student's absence is excused. The timelines for turning in make-up work will be determined with the teacher.

Parents must report a student's absence by 9:00 on the day of the absence. The school will contact parents who do not report a student's absence by the designated time. When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the office. The administration may request documentation to determine whether an absence is excused. Excused absences are allowed for:

- Illness of the student
- Medical appointments that cannot be scheduled outside the school day
- Serious illness or death of a family member
- Religious observances
- School-sponsored activities (e.g., field trips, athletics, competitions, etc.)
- Court appearances or other legal situations beyond the control of the family
- Emergency situations as approved by the principal
- Visits from a parent or guardian on active military duty who is on leave from or will be immediately deployed, with notification and approval of the principal.
- Suspensions
- An absence which has been requested and approved in advance by the principal due to exceptional circumstances. In these situations, make-up work should be requested in advance of the absence and any tests, projects, or in-class assignments will be made up at the direction of the teacher.

- Unexcused Absences**
Absence for reasons other than the categories of excusable reasons, or that does not have the proper documentation for an excused absence as determined by the principal, will be considered unexcused. *Students who have an unexcused absence will be permitted to make up work, but all such work shall be averaged to 60% credit.* Excessive, unexcused absences will result in written notice from the principal to the parents/guardians. The principal may request a parent/guardian conference to discuss attendance concerns and a collaborative plan may be developed to remove barriers to attendance. When attendance remains problematic, the school may contact the appropriate agencies and/or authorities for assistance.
- Late Arrival/Tardiness**
A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the building. The District will count tardiness as an absence. A student will receive an after-school detention for every fourth tardy.
- Truancy**
Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. The District may assign disciplinary measures for truancy. Families are entitled to appeal assigned consequences to the Superintendent.
- Technical Center Attendance Policy**
Since the district pays tuition for some students to attend the Hillyard Technical Center, students are expected to attend regularly. If a student accumulates ten absences in any semester from the Career Center, he/she will be removed from the program. In the event this occurs, it will jeopardize the possibility of being placed in Hillyard for the next semester. The students will follow our absentee policy of calling into our school for excusing absences.

Dress Code

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise. The following District guidelines should be observed:

- Dress Code Expectations**
Shirts and shoes must be worn. No house shoes or slippers are allowed. Clothing should be properly fitted (not overly restrictive or loose). Coverage of the body is expected. Therefore, the following garments are not permitted: see-through garments; tops that are backless, strapless, low-cut, bare-midriff, have overly-large arm openings, or straps less than 2 inches in width; clothing that does not cover undergarments when a student is sitting or standing; undergarments worn as outer wear; clothing that does not reach to *mid-thigh*; holes in pants that are above *mid-thigh*, unless patched.

- **Dress Code Prohibitions**

Clothing or accessories with any of the following are not permitted:

- profane, obscene, or otherwise inappropriate language;
- words, symbols or images that promote illegal, sexual, or violent behavior;
- advertisements or promotion of alcohol, tobacco, or drugs;
- language or symbols that promote gangs.

Hats, hoods (hooded sweatshirts worn up), do-rags, handkerchiefs, sunglasses, face paint, overly- dramatic make-up, or other wear that restricts the line of sight of a student's face and/or facial recognition may not be worn, although exceptions will be made by the principal for head coverings that have religious significance, are worn for medical reasons, or are for a specific, school-sponsored event. No blankets shall be carried or worn as coats or wraps while in the building. No heavy or loose chains or straps that create a safety risk are allowed.

- **Additional Dress Code Information**

Courses and/or class activities that require observance of specific safety requirements may require adjustments of a student's clothing, accessories, or hair style for the duration of the class (e.g., hair pulled back and/or hair nets for culinary classes or other safety wear, etc.). Other dress code requirements may be articulated for students participating in certain extracurricular activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

Food Services

- **Allergy Prevention and Response**

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

- **Building-Wide and Classroom Approaches**

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parent/guardian to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. *The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine and asthma-related medications as allowed by District rules.* The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

- **Individual Approaches**

The District will evaluate and determine whether a student's allergies rise to the level of a disability that requires accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff members who need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

- **Breakfast**
\$1.85 for students and \$2.45 for adults
- **Lunch**
\$2.40 for students and \$3.60 for adults
- **Meal Charges**
 - A student may not accumulate more than ten unpaid meal charges.
 - Students may not charge à la carte items.
 - A student with money in hand will not be denied a meal even if the student has past due charges.
 - Students will not be identified, singled out, shamed or punished by the district for the failure of their parents/guardians to pay for or provide meals and the district will not withhold student records in violation of law.
- **Alternative Meals**
If the district's meal service line is designed to collect payment prior to students receiving food, a student who has accumulated ten unpaid meal charges and is still unable to pay for meals may be provided an alternative meal.

Alternative meals will be on the regular serving line and will be available to all students as an alternative to the regular meal. If a student has been provided a regular meal, then that meal will not be taken away from the student, even if the student should have been provided an alternative meal due to unpaid meal charges.

- **Interventions**

After a student accumulates five unpaid meal charges, the district will encourage the parents/guardians to submit an application for free and reduced-price meals if an application has not been recently submitted, and the student will be referred to a counselor for intervention. The counselor or a principal will:

1. Meet with the student to assess to the extent possible whether the student or the student's family is experiencing hardships, barriers or other circumstances with which the counselor could assist.
2. Make repeated attempts to contact the parents/guardians to notify them of the lunch charges, discuss the situation and any other concerns the counselor may have after meeting with the student, and resolve the situation.
3. Encourage the parents/guardians to submit the free and reduced-price meals application and inquire about any assistance that might be needed to complete the application.
4. Provide other resources as applicable.
5. District employees are mandated by the state of Missouri to report any instances of suspected abuse or neglect to the Children's Division (CD) of the Department of Social Services. District personnel will report to the CD any instance where a student's arrival at school with no provision for food leads to a reasonable cause to suspect neglect.

- **Working with Parents/Guardians**

To ensure that parents/guardians have ample opportunity to resolve situations involving unpaid meal charges, the district will:

1. Provide timely notification to parents/guardians when account balances run low (when applicable) and each time their student charges a meal.
2. Invoice parents/guardians for unpaid meal charges during the district's monthly billing cycle, in addition to providing notification of outstanding balances by other means.
3. Work with parents/guardians to create a payment plan that allows for the payment of accumulated balances over time

- **Debt Collection**

- **Delinquent Debt**

Unpaid meal charges will be considered a delinquent debt 90 days after notice that charges are due when no payment or payment plan agreement has been made. Unpaid charges will be considered delinquent as long as the district determines the debt is collectible and efforts to collect the debt are ongoing. The district will make reasonable efforts to collect delinquent debt, including turning over unpaid meal charge balances to a collection agency when the superintendent or designee determines such action is in the best interest of the district.

- **Nonprofit School Food Services**

Account (NSFSA) funds may be used to cover the costs of reasonable efforts to collect delinquent debt, including costs associated with using a collection agency.

- **Bad Debt**

When the district determines that collection of delinquent debt is impossible or too costly, the debt will be reclassified as bad debt. Bad debt is debt that will be written off as an operating cost. These costs must be restored using nonfederal funds. NSFSA resources may not be used to cover any costs related to bad debt. Instead, local funds will be used to cover the costs. Local funds include:

1. State revenue matching funds in excess of state revenue matching-fund requirements.
2. State and local funds provided to cover the cost of student meals.
3. Local contributions from organizations or individuals.
4. Revenue from adult meals prepared using resources outside the district's food service and not funded by the NSFSA.
5. Revenue from the sale of à la carte items and profits from foods not purchased with NSFSA funds and funded by an account separate from the NSFSA.
6. Revenues from catering or contracting services that operate from an account separate from the NSFSA.

The district will maintain detailed records pertaining to delinquent and bad debt, including:

1. Evidence of efforts to collect unpaid meal charges.
2. Evidence that collection efforts fell within the time frame and methods established by this procedure.
3. Financial records showing when delinquent debt became bad debt.
4. Evidence that funds written off as bad debt were restored to the NSFSA from nonfederal sources.

- **Lunch/Breakfast Program**

Account information is available online on the student's Lumen account. Prices are \$1.85 for student breakfasts and \$2.40 for student lunches. Prices may be increased as the need arises. Applications for free and reduced breakfast and lunch are available through the school office. A la carte prices vary and are not applied at free and reduced prices. Breakfast is served each day from 7:30 a.m. - 8:00 a.m.

North Platte has a closed lunch session. This means that no one is allowed to go home for lunch or leave the school grounds. Only family members are allowed to eat with a student with approval of the principal. All students must eat in the school cafeteria. Account information is available online on the student's Lumen account. Parents may apply for Free and/or Reduced Meals.

Health Services

Health services are provided under the direction of a school nurse. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may be not physically present at all times in a specific building, the nurse is always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office.

- **Administration of Medication**

All medication is kept in the office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office and must be accompanied by the following information:

- *Non-Prescription Medication* – A written note from the parent/guardian with the student’s name, reason for the medication, the time the medication is to be given, the dosage prescribed, and the number of days the medication is to be administered at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), acetaminophen (Tylenol), cough drops, hemp extract products, or other.
- *Prescription Medication* – Prescription medication must be sent to school in the original prescription container. The prescription label will serve as the written permission from the physician. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student’s health care provider and the information may be shared with necessary District staff members on a need to know basis. Please contact the school nurse for clarification or additional information.

- **Immunizations and Vaccinations**

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information.

Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

- **Communicable Diseases**

Parents/guardians must notify the District if their student has a communicable disease.

Parents/Guardians will be required to provide written approval from the student’s treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures is in place.

Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only

those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease, who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline in accordance with the discipline code, and state and federal law.

- **Student Insurance**

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at: <https://dese.mo.gov/sites/default/files/FNS-FreeandReduced-DirectCertbooklet2018-19.pdf>.

Student Records

- **General Information Access to and Release of Student Information**

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures and file complaints regarding the records as allowed by law. The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. - **Military and Higher Education Access**

The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. - **FERPA**

Extracurricular Activities and Clubs

Students at North Platte High School participating in extracurricular activities are expected to demonstrate acceptable moral values and behavior at all times, both in and out of season, in the school or in the community.

Each participant should obey the rules of the school and the laws and regulations of the city and state. Failure to do so could result in disciplinary action. All cases of potential disciplinary action will be reviewed by a committee composed of the coach/sponsor involved, athletic director, and building principal involved and may result in alternate punitive action. Depending on the severity of the case, early offenses/punishment may be skipped over.

VIOLATION OF MUNICIPAL, STATE, OR FEDERAL LAWS OTHER THAN THOSE LISTED, WILL BE DEALT WITH DEPENDING ON THE SEVERITY OF THE INCIDENT. ALL PUNISHMENTS LISTED ARE THE MINIMUM PUNISHMENT TO BE GIVEN FOR AN INFRACTION OF THE RULES. EACH VIOLATION COULD BE DEALT WITH BY THE COACH/SPONSOR OF THE ACTIVITY AND ADMINISTRATION IN WHICH THE ATHLETE IS PARTICIPATING. BEFORE THE SEASON BEGINS, THE COACH/SPONSOR WILL REVIEW THE EXTRACURRICULAR POLICIES WITH THE PARTICIPANTS.

Unless special arrangements have been made with the principal, a student is required to attend school for at least half the school day on the day of an activity in order to participate. Students must be in attendance for at least half of the day on the school day preceding an event on a day school is not in session. Special circumstances may be approved by the principal on extended weekends or holiday breaks. All extracurricular activities are supervised by district employees and the expected code of conduct for students remains the same as during the standard school day. Additional guidelines for specific groups, including activities sanctioned by the Missouri State High School Activities Association (MSHSAA), may be outlined at the beginning of the year and/or season. Competitive, interscholastic activities may have evaluation procedures that eliminate some students from participation. When students are not selected for participation, communication will occur in a personal and respectful way.

- **Extracurricular Grade Policy**

- **Mid-quarter**

- Student grades will be checked at the midpoint of each quarter. If the grade is an "F," a letter will be sent and the student will be put on probation. This means that he/she may still practice or rehearse; however, the student will not be able to compete, participate or travel for a minimum of two weeks. At the end of this two-week probationary period all grades must be at an acceptable level if the student wishes to play or participate.

If the student has one "F" at the mid-quarter, but was on the 3.0 honor roll the preceding quarter, the students will be allowed to continue to participate as long as the student shows progress on improving his/her grades.

More than one "F" will result in the same probation. The re-evaluation at the end of two weeks must show acceptable grades in all subjects for the student to resume practice/rehearsal and play/participation.

- **Quarter**
With one or more F's the student can practice, but cannot play in activities or travel. Grade re-evaluation will occur after the two week probationary period.
- **Semester**
At semester, both the quarter and semester grades must be acceptable or the two-week probation period will be applicable. When the probation occurs because of the 4th quarter or 2nd semester the two-weeks will begin the first day of school. A form letter will be sent to the parents at the end of the year.
- **Transportation Rule for Events**
All students are expected to ride on school-sponsored transportation to and from activities unless arrangements are made with the principal beforehand. **Students will be allowed to return with parents as long as the parents sign a school transportation list before leaving.** Any other transportation arrangements must be made prior to the event. (This must be made by phone to the school office by 2 p.m. the day of the event; notes will not be accepted.)

Students will be allowed to ride home with the parents of another participant only if that student's parents have contacted the office in advance (by 2 p.m. the day of the event) and the coach has been notified by the administration.

- **Alcohol and Drug Rule**
Any student selling, purchasing, distributing, in possession of, or under the influence of any alcohol or drugs, on or off campus will be dealt with.
 - **First Offense:** The student will be suspended from participating in extracurricular competition for a period of 45 days. The 45 days will begin with the start of the specific season or when the incident occurred, whichever is later. The suspension will carry from one sport to another sport.
 - **Second Offense:** The student will not be allowed to participate in any extracurricular activities for one calendar year. All cases will be reviewed by a committee composed of the coach/sponsor involved, athletic director, and building principal involved and may result in alternate punitive action. Depending on the severity of the case, early offenses/punishment may be skipped over

- **Student Alcohol and Drug Testing (District Policy S-196-P)**

Each student athlete must have the District Student Drug Testing Consent Form turned in to the administrator before the student athlete is allowed to participate in games. The form is attached at the end of this handbook.

The District has adopted a Student Alcohol and Drug Testing Policy to promote the health, safety and welfare of students of the District. The purpose of this Policy and the associated procedures is to encourage students to remain drug and alcohol free and to provide support and solutions to students who use drugs and alcohol. This applies to students in extracurricular activities in grades 9- 12 and students who wish to receive a parking permit issued by the District.

Definitions and Explanations

Alcohol – Alcohol -- Intoxicating agent in beverage alcohol, ethyl alcohol or other low molecular weight alcohols including methyl and isopropyl alcohol.

Extracurricular Activities – Activities that take place outside the regular course of study in school and are sponsored by the school.

Illegal Drugs – Nicotine (Tobacco), Marijuana, LSD, Amphetamines, Methamphetamines, Methadone, Anabolic Steroids, Methaqualone, Barbiturates, Benzodiazepines (Valium), Opiates, Cocaine, Propoxyphene (Darvon), MD/MA (Ecstasy), Phencyclidine, Tricyclic, Buprenorphine, Oxycodone, and/or any substances included in 21 U.S.C. 802(6). This definition also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer.

Random Selection – A system of selecting eligible students for drug and alcohol testing in which each eligible student shall have a fair and equitable chance of being selected each time selections are required.

Sample Collection

Any drug test required by the District will be administered by a certified third party administrator using a federally approved toxicology laboratory using scientifically recognized toxicological methods. The certified laboratory shall be required to have written specifications to assure chain of custody of the specimens, proper laboratory control and scientific testing.

All aspects of the drug-use testing program, including the taking of specimens, will be conducted so as to safeguard the personal and privacy rights of students and in accordance with procedures set forth by the testing facility.

Positive Test Results

If any student has a positive result, the principal will contact the parents or guardians and solicit any information on medication that would create a positive test. When using rapid screens, all non-negative screens will be sent out with a chain of custody to a certified laboratory for

confirmation. A Certified Medical Review Officer will verify the positive test and contact the principal with the results. The principal will then notify the parents/guardians.

Random Drug Testing

Each student who wishes to participate in extracurricular activities or obtain a parking permit for the school year will be required to complete a consent form and return it to the high school office within the first 10 days of school. Any newly enrolling student will have 10 days from the date of enrollment to sign and return a consent form. Any student not completing the consent form and returning it within the prescribed time will be ineligible to participate in extracurricular activities and/or park on campus for the entire school year.

A student may appeal to the administration in writing to be added to the drug testing pool during the school year in order to participate. Students who receive their driver's licenses may be added to the random drug testing pool during the school year. The appeal must be submitted in writing and will then be reviewed by a committee of school personnel. Students electing to follow the appeal process are not guaranteed participation in activities.

Students will be required to provide urine samples as follows:

Participants will be assigned a random number. The third-party testing facility will randomly select no more than 25% of the pool during the random testing session. The District administration will schedule random testing periodically during the school year only.

Appeal Procedure

Within two working days of receipt of the positive drug test, the principal will contact the activities director, coach/sponsor, and/or other individual responsible for supervising the extracurricular activity. The principal will then, within two working days, contact the student and the parent/guardian to schedule a conference. The conference shall be held within 10 working days of initial contact with the student and parent. If the student, parent/guardian refuses to participate or respond to a request for a conference, the student will be deemed to have waived any right to appeal the positive drug test.

Appeal Conference: The principal will solicit an explanation of the positive drug test. If the student asserts that the positive drug test is caused by something other than the consumption of an illegal drug, then the student, parent/guardian will be given ten working days from the date of the conference to present evidence to the principal. If the student fails to or refuses to present evidence within the required timeframe, the student will be deemed to have waived any right to further appeal the positive drug test.

The District will rely on the opinion of the laboratory that performed the confirmation test in determining whether the positive test was a result of something other than the consumption of an illegal drug. The principal will immediately notify the parents after the lab has determined whether the positive drug test could have resulted from something other than an illegal drug. The parent/student may appeal a positive test to the superintendent by submitting a written statement of appeal within two working days of receiving the principal's notice. However, the appeal is limited to complaints or

concerns about the validity of the drug-testing process or the presentation of additional evidence that some other substance caused the positive test. The superintendent will not overturn a suspension based on a challenge to the actual laboratory findings.

The superintendent will notify the parent/student of his or her decision within two working days. Failure to appeal to the superintendent waives any further right to appeal. The parent/student may appeal the superintendent's decision to the Board by submitting a written statement of appeal within five working days of receiving the decision. The appeal is limited to complaints or concerns about the validity of the drug-testing process or the presentation of additional evidence that some other substance caused the positive test. The Board will not overturn a suspension based on a challenge to the actual laboratory findings. The Board will notify the parent/student of its decision within a week after the meeting at which the appeal was presented.

Initiating appeal procedures does not suspend imposition of the restrictions listed below while the appeal process is ongoing.

If a student tests negative in the initial screening, the student and the parent/guardian will be contacted by personnel of the District within five working days of receipt of the testing results.

Confidentiality

Test results will be kept in a confidential file separate from a student's permanent education records and those files will be destroyed upon the student's graduation from the District or, if the student is no longer attending in the District, upon the date the student would have graduated had the student remained in the District. Test results shall be released to school officials only a "need-to-know" basis.

Consequences

- **Standards of Conduct and Consequences**

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal,

Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure.

The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the School Board. Corporal punishment is strictly prohibited as a method of discipline. Reasonable force may be used, when necessary, for the protection of a student or others and property. The District prohibits confining a student in an unattended, locked space except for an emergency situation while awaiting the arrival of law enforcement personnel.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on or off campus, and District transportation. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

The District assures that it will provide information and referral services necessary to assist the State of Missouri in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The District assures that personally identifiable information collected, used, or maintained by the District for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the District to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA).

This plan may be viewed in the office of the Superintendent during regular school hours, or at the North Platte Educational Cooperative, located at 900 Lewis in Edgerton.

This notice will be provided in native languages as appropriate.

Students whose educational interests are best served through on-line options may take up to six credits per semester.

For more information regarding online courses, consult the secondary course catalog and/or speak with your school counselor. Additional information about resources and processes may be accessed on the District's website at nppanthers.org.
